PROFILE

Full-stack engineer and manager who works across every layer — product frontends, backend services, and the cloud infrastructure underneath. I lead cross-functional teams, ship scalable systems end to end, and work at an expert level with AI coding agents — building tooling for spec-driven, agentic development.

SpecLine

CREATOR · OPEN-SOURCING SOON

A plugin for Claude & Codex that keeps AI coding agents anchored to a living spec — turning loose prompts into reviewable, spec-driven engineering work.
